DIEMS, JOHN FREL

Junior Web Developer

Buhangin Talisay St., Davao City, | +(63) 9929012650 | johndiems7@gmail.com

CAREER SUMMARY:

Junior Web Developer with experience in designing, developing, testing, and deploying responsive and secure web applications. Proven ability to collaborate with cross-functional teams to deliver optimized solutions that support the City Government of Davao's goal of effective public governance.

WORK EXPERIENCE:

City Information Technology Center (CITC).

Junior Web Developer | 19 February, 2024 – Present

1. Development & Collaboration

- Develop, test, and deploy responsive websites and web applications.
- Write clean, efficient, and maintainable code using programming languages such as HTML, CSS, JavaScript, and back-end technologies.
- Collaborate closely with UI/UX designers to implement designs aligned with project requirements.
- Collaborate with back-end developers to integrate server-side functionality.
- Optimize websites for maximum speed, scalability, and performance.
- Ensure cross-browser compatibility and responsive design for seamless user experiences across devices.
- Regularly update and maintain existing websites and web applications through the guidance of the Lead Web Developer or the TL.

2. Testing & Quality Assurance

- Troubleshoot and resolve technical issues, bugs, and errors.
- Conduct testing to ensure functionality, usability, and performance.
- Implement web accessibility standards to ensure inclusivity.
- Implement and maintain web security practices to protect applications from vulnerabilities.

OJT – Davao City Hall | December, 2023

- Gained practical exposure to the operation and maintenance of the City Government's information systems and platforms.
- Assisted in simple web development tasks, including creating and maintaining basic web pages and modules.

EDUCATION:
